

## Questions for the Candidates

Co atty Candidate  
Jessica Brown Roberts

1. Are you familiar with and do you intend to fully enforce the Meade County Animal Control Ordinance (#2007-04)?

Yes.

2. Do you believe the position of Animal Control Officer should be under the direction of the Meade County Judge –Executive or the Meade County Sheriff, and why?

It is the decision of Fiscal Court (Magistrates) as to whether the Animal Control Officer should be under the direction of the Meade County Judge-Executive or Meade County Sheriff. With that said, the Animal Control Officer will have my full cooperation and I will be available to offer any legal advice necessary to enforce the Animal Control Ordinance.

3. Will you continue to support directing fine money from animal abuse or neglect cases to Pets In Need Society, Inc. for use in our animal welfare programs?

I support the full funding of Pets in Need Society. I also support funding for the housing of large animals that are neglected or abused, as the county does not have the facilities to house large animals. I will work to collect full restitution in any case where an animal has been neglected or abused. I truly appreciate all that PINS and other organizations have done to improve life for animals in the county and to improve the county's facilities and services for animals.

Jessica Brown Roberts, Candidate for Meade County Attorney
